SIERRA MADRE, CALIF. THURSDAY, JANUARY 12, 1949

Vol. 44, No. 9

Around
the Square

Ask Cloyd Marshall, the nurseryman, for advice these days on the care and feeding of plants to be transplanted from tin to yard, and he'll ask:

"Are you going to plant it in a WARM climate or in Southern California?"

The NEWS last week had a story about the mayor's birthday party. But we couldn't find out from the piece how old he was. How about that, Milt?

The city's water attorney, Kenneth Wright, who gets paid on a daily basis at the rate of \$125 a day (note to backshop: there's no decimal point in the sum), put in for two days' work—\$250—and one trip to Pasadena, at 6 cents a mile. He padded it a little, however, for he asked for 30 miles. And \$1.80 was added to his bill.

State Republican politics may break apart, not from weight, but from its own movement. We reported that Republicans had made a deal with Supervisor Ray Darby to quit the U.S. Senatorial race for Richard Nixon. He was promised the Lieut.-Gov. nomination—and the absolute promise of Lieut.-Gov. Goodwin Knight that he wouldn't run for re-election.

But the promoters found that in order to get Goody Knight out of the factional fight with Gov. Warren, Goody had to be promised nomination for re-election. So Darby got the double-cross, and Knight came out for Warren—despite all the nasty things he has said recently.

And poor old Ed Shattuck, the state Republican wheelhorse, who first had the promise of Lieut.-Gov. (before the weeds had to be cleared) was shunted down to run for attorney general (because the Republicans feel they owe Attorney General Fred Howser nothing).

Ray Darby looked the unhappy of the lot. It is possible that Darby may be offered the state senatorship now held by Jack B. Tenney. That is because Tenney has lost his support and is considered politically dead.

Mayor Steinberger, among other San Gabriel Valley mayors, has been invited to attend a meeting with Pasadena City Directors next Tuesday—presumably to take the politics out of smog.

Messrs. Benedict, Abernathy, et al., of Pasadena have been engaging in a verbal battle over smog. They said to the Board of Supervisors: "Heed us. Do it our way."

And Pasadena Mayor Benedict announced, along with the meeting date, that with a little support, maybe the supervisors will listen to US.

Both times the Pasadena directors confronted the supervisors at the Hall of Records, the experts were on hand to prove that something WAS being done about demon smog. At one meeting the Pasadena visitors were twice asked directly: "Just what should we do that we are not doing? Just what would you do to alleviate smog?"

There was a dead silence. No answer was given.

The directors indicated that they wanted the oil refineries shut down forthwith. But it was pointed out that the refineries are spending \$2,000,000 and will spend \$2,000,000 more to control the amount of sulphur dioxide that has poured from their stacks. And it was shown that half the SO₂ in the air comes from other sources—such as power plants that burn oil for fuel.

It was pointed out that almost every day black smoke from oil burners gushes from the Pasadena Department of Light and Power plant near

CONKLING SAYS CITY HAS PLENTY OF WATER

Councilmen Veto Public Financing Of Visiting Nurse

Endorsement of the Visiting Nurses' Association was given this week by the City Council, but no hope was held out on the proposal that the city foot the bill.

A letter from the Co-ordinating Council, signed by Corresponding Secretary Mrs. J. B. Gentry, asked that the city sponsor the association's work here.

It was pointed out that the association, formerly sponsored by the Red Cross local chapter, had made 493 visits to 31 patients in 1948 at a cost of \$780 with a deficit of \$524. Sponsoring organizations pay for the visits if the patient is unable to do so.

Councilman Henry Korsmeier pointed out that, according to legal advice, the city could not enter into any such agreement.

In most cities the association is sponsored by Community Chest funds. Such a fund Sierra Madre does not have. The Council, however, expressed itself as being in full accord with the principals of the plan and urged local organizations to work out some means of financing the program.

The Council also had before it a petition of Cypress Court property owners who sought an assessment district for the improvement of streets.

John Osgood, who has developed property in the Court, said that easements for streets had been dedicated to the city in 1917 but that they have not been accepted.

The matter was referred to the city engineer for formation of a district if the petition includes 60 per cent of the property owners. The district would include a portion of the Wysocki subdivision to the north and would provide for an additional street into the Cypress tract off Churchill road.

A new petition for the development of Monterey Lane to the south off East Sierra Madre boulevard was received by the Council. It included 60 per cent of the property owners. The first petition failed to

Basic Scouters' Course Offered at Youth Hut

Initial meeting of Sierra Madre District Committee's Basic Scouters' Course was conducted Monday at the Youth Hut, with 19 men in attendance.

Conducted as a simulated troop, the course offers basic training in preparing men for Scout leadership or for fathers who wish to learn about Scouting.

Faculty members of the course act as Scout leaders in the hypothetical troop, and persons taking the course serve as Boy Scouts. The class is conducted like a model troop.

Leading the course—and acting as the Scoutmaster—is Milton Goldberg, District Training and Leadership Chairman. Edward Davey, Sierra Madre District Chairman, portrays the role of troop committee chairman. Other leaders of the class include H. B. Robinson, assistant Scoutmaster; R. G. Barrett, senior patrol leader; C. E. Ware, quartermaster; and Bill Newbery, scoutcrafts.

The Basic Scouters' Course is a broad review of Scouting because it includes health and safety, and camping phases of training that usually are offered in only the more advanced courses.

Monday's session of the course was largely an organizational meeting, with members and leaders becoming acquainted. Slides showing the history of Scouting since its beginning in Australia were shown the group, and a recent film on the patrol organi-

Cited By National Magazine

An advertisement appearing in the Sierra Madre NEWS has been re-published in the December issue of Hardware Retailer, national hardwaremen's trade magazine, as illustrative of good hardware advertising.

The ad, purchased by the Sierra Madre Hardware Company, appeared in the Oct. 20 edition of the NEWS. Editors of the Hardware Retailer pointed out that the advertisement showed very well how a nationally-prepared mat could be included within the border of a local store ad.

MEN DEMAND HER MONEY, GIRL SAYS

Police this week are investigating the case of a 10½-year-old Sierra Madre girl, who reports she was accosted by two men, demanding money, shortly after she left the City School grounds Friday afternoon.

The child told officers two tall men stepped out of an "old, high, square, car" as she walked by them on Hermosa avenue, just north of Sierra Madre boulevard.

"Little girl, do you have any money?" the men were quoted as asking.

She said the men pinned her hands behind her back, but she managed to escape by kicking them and running away.

The little girl said she could not tell which way the two men went, because she ran as fast as she could.

Annual Red Cross Meet Next Monday

Highlights of the American Red Cross regional blood service program, disaster preparedness, and relief work as carried on in Southern California, will be told those attending the Sierra Madre Chapter's Annual Meeting Monday evening, Jan. 16.

It will be a dinner meeting, held at Woman's Clubhouse starting at 6:30 p. m., and tickets are available from the Chapter House or from Board members, according to President R. C. Lewis.

Presenting the key addresses to the group will be Mrs. H. B. K. Willis, volunteer chairman of blood donor recruit-

James L. Spencer Installed As 1950 Kiwanis President

James L. Spencer was installed 1950 president of Sierra Madre Kiwanis Club Tuesday night in an impressive Installation Banquet and Ladies' Night conducted at the Woman's Club. He succeeds Dr. J. Earl Gossard as president of the club.

Installing officer for the rites son of Kiwanis Division 15, Mr. Davidson also inducted other officers and Board members for the coming year.

Installed—besides Mr. Spencer—were Charles A. Skutt, vice-president; James C. Heasley, secretary; Art Morse, treasurer; and the following directors.

Dr. M.H.A. Peterson, Dr. P. R. Woodworth, Don Jackson, Felix Gibian, Knox Hagar, and Hugh Warden.

Dr. Gossard was installed as immediate past-president and a member of the Board.

Dr. Gossard presided most of the evening and introduced guests, Kiwanians, and their wives. As his last official act as president, Dr. Gossard fined 10 members who boasted 100 per cent attendance during the year.

"I had never found any legitimate reason to fine them, so I am fining them this evening just because they have perfect attendance," he said.

Frank Spencer was in charge of the evening's dinner—baked ham, and Frank Robinson was chairman in charge of the program. He introduced Loyd V. Prante of Los Angeles, who presented a humorous talk on "I am a family man."

Special guests at the Installation were Mr. and Mrs. Carl Peterson. Mr. Peterson is president of the Sierra Madre Lions Club.

Sh! . . Ice On City Sidewalk Causes Fall

Ice on the sidewalk—yes, in Sierra Madre—caused Mrs. Jacob A. Annas, 84 S. Hermosa, to fall and fracture her right shoulder. The mishap occurred Saturday morning at about 9:20 o'clock.

Mrs. Annas was walking along the sidewalk in front of the Congregational Church, 170 W. Sierra Madre boulevard, when she stepped onto an icy patch and slipped.

A gardener at the Church told police officers he had been washing down the sidewalks, and the water froze in the low morning temperatures of last week.

Officers Heasley and Embree instructed him to spread salt over the offending sidewalks—a procedure the Chamber of Commerce will deny ever happened in Sierra Madre.

Mrs. Annas was treated by Dr. Nathan Jacobs and taken to her home. Her condition is reported as "satisfactory."

JAMES L. SPENCER

Council Sidesteps City Works Director Issue

A new city engineer and public works administrator was up for approval this week by the City Council, but the matter was laid off for consideration at a full Council meeting.

Under consideration is Harry M. Shatto, now an engineer with a private firm, the Betchel Corp. For a short time Shatto, a resident of Hermosa Beach, was city engineer of Redondo Beach, but he was "moved" out during a recent city government upheaval there which saw the ouster of the city manager.

Action was postponed because of the absence of Councilman Henry Nuetzel. But it was apparent that the Council was not in agreement.

Councilman William A. Kinney, who has declared that another councilman, Herman Barter, should be given the post of public works director, said that he couldn't go along with Councilman Henry Korsmeier, who sought the appointment of Shatto at a salary of \$450 a month.

"I can't second your motion," Kinney declared. "It is very obvious to me that Mr. Barter should be offered the position."

"There's no one we can get that could do the job half so well as Mr. Barter. I want myself committed 100 per cent."

Pessimism of November Meeting Missing From New Water Report

Mail Cancellations Up 58 Per Cent Over Last Year

A spectacular 38.1 per cent increase in postal receipts over last December was recorded during the 1949 Christmas month at the Sierra Madre Post Office.

Postmaster Eddie D. Robertson reports \$13,766.49 in receipts during last month, as compared with \$9,970.31 for December of 1949.

For the last quarter (October, November, and December), an increase of 34.7 per cent in receipts was received at the local Post Office. A total of \$27,487.83 during the quarter compared with \$20,363.56 for the comparable period last year.

During the entire year 1949, the local mailmen—still breaking all kinds of records—recorded receipts amounting to \$75,438.76—an increase of 24.3 per cent over the previous year's total of \$60,695.82.

Cancellations during the last quarter of 1949 totaled 676,476, as compared with 428,466 cancellations for the quarter in 1948. This represents a startling increase of 58 per cent.

Council Gets Request For Safety Check

A request from the School Board asking that a survey be made of possible safety hazards at the intersection of Lima and Highland was referred to the Police Department Tuesday night by the City Council.

In the request, School Superintendent Charles A. Skutt pointed out that many school children cross this intersection daily, and the School Board felt that more clearly-marked pedestrian zones, additional zones, or a stop sign are needed.

Another letter concerning traffic also was received by the City Council. It was from the Los Angeles County Division of the League of California Cities, and asked that Si-

Turn to page eight

Report Verifies Data Of Councilman Barter

By ARTHUR HEWITT

Sierra Madre has plenty of water, and it will have a lot more in the future.

An assurance that the city had no cause for worry was given in a report submitted this week to the City Council by Water Engineer Harold Conkling.

The report did not bear out the pessimistic note sounded by Conkling and his assistant, H. O. Banks, at a public meeting last November 9.

In fact, Banks admitted this week:

"Those were preliminary figures and they were revised when we had a chance to check more carefully and iron out discrepancies. If the city should be allowed its second application (made to the State Division of Water Resources for additional water), then the situation will even be much better."

In November Banks guessed that the city would be able to get 674 acre-feet from diver-

sion of water from the Big Santa Anita under the present state-granted right of 1500 acre-feet a year.

This figure was not mentioned in the report.

The comparable figure found in the report is 924 acre-feet. This is the amount of water that Sierra Madre can expect through court action now. It would be added to presently assured water supply of 1724 acre-feet and give a total of 2648 acre-feet each year.

The present demand of the city is placed at 1680 acre-feet of water.

The "ultimate" demand of the city—when it is completely built up and allowing for a 5 per cent increase in per capita use—was placed at about 2650 acre-feet.

Balancing off this future need, however, were several estimates of future water supply. The report pointed out that this annual supply available could go as high as 3979 acre-feet.

"It would appear conservative, therefore, to expect that in the final outcome Sierra Madre could receive sufficient water for continued growth," Conkling said in a letter of transmittal.

This would include annexation of the Upper Hastings Ranch.

Every calculation, figure and statement presented by the water engineer was couched in conservatism, a conservatism that Conkling readily admitted. And the report itself was a retraction of the engineer's November statement that there was not enough water to be seen for the Hastings annexation.

His study was broken down into two categories—the immediate future and the more distant future. The more distant future he placed at about 1960—ten years hence when the Big Santa Anita channel is lined with concrete, thus materially changing the water picture of the East Raymond Basin and increasing Sierra Madre's right to pump water as a result of the presently contemplated diversion project.

The Conkling report explicitly pointed out that "present demand with annexation" of the Hastings Ranch property would be 2060 acre-feet. The available supply—2648 acre-feet.

The 190 acres of the Upper Hastings, the report said, would utilize 380 acre-feet a year.

In 1960 the overall demand with annexation would be 3080 acre-feet. The minimum

NURSERY SCHOOL SETS 'WORKNIGHT'

A "Worknight" will be conducted by members of the Sierra Madre Nursery School Association when the group holds its regular monthly meeting Tuesday, Jan. 17, at 8 p. m.

Meeting at the home of Mr. and Mrs. Bill Keith, 561 W. Grandview, the Association will devote the evening to working on coats, toys, and other equipment for the new Nursery School building.

A short business session will precede the 'worknight.'

JOIN THE MARCH OF DIMES

from Monday until the drive closes on Jan. 31.

"Please, let us contribute all the time and money that can be spared to help fight polio," Mrs. Meyer urged. "Sierra Madre cannot afford to permit a single child to be crippled for lack of funds for his care."

WEE GARMENTS

The Children's Hospital Guild met yesterday morning at the home of Mrs. Marjorie Crouse, 608 Elm. The dozen members spent the morning sewing baby things for the Hospital.

MEETING TOMORROW

The Ascension Church Women's Auxiliary will meet at 2:30 tomorrow (Friday) in the Parish House. Hostesses will be Mrs. M. D. Kneeland and Mrs. M. L. Vannier.

MISS STEINBERGER NAMED TO BOARD

Miss Elizabeth Steinberger, 529 Mariposa, Monday was elected a board member of the San Gabriel Valley Area Camp Fire Girls during the annual meeting held at the Church of the Good Shepherd, in Arcadia.

Seven representatives from the Sierra Madre area attended the meeting which included 125 representatives from Pasadena, Temple City, Arcadia, San Gabriel, Altadena—as well as this city.

The following new officers were elected: Mrs. C. Grant McCullough, president; Mrs. John Simpson, first vice-president; Mrs. Alvin Kingsbacher, second vice-president; Jack Mays, secretary; E. K. Davis, treasurer; and Mrs. J. Howell Smith, regional representative.

Good taste calls for engraved wedding announcements—from a wide selection at the Sierra

Ragged youngsters of China, aided by American Churches. The Episcopal Church is conducting an intensive study plan all through January, to inform the people about Overseas missionary work and relief work, conducted in widely separated parts of the world. The future of missions in China is one of the subjects to be discussed.

FIRE FLAMES

When all hands got together at the Fire Fighter's Club rooms last Friday there were no feminine fingers to touch or direct, so the results of the "cleaning house" may not be perfect.

Twelve or fourteen fellows got to the rooms. Large mops were dragged over the floors; the pictures on the walls were scraped of the accumulation of something or other. In general, there was a masculine push throughout the evening.

Only to have seen the place before these fellows worked on it, can appreciation of the present condition be realized. The Thomas brothers, who are used to hanging onto wires, cleaned outside of the large windows as they stood on the edge of a 20-foot drop to hard pavement.

Gene Toms and Lewie George took care of the dirty picture situation. The two Jims, Tyler and Heasley, were the operators of the floor mops, while Ed Decker prepared the kitchen for inspection. Bill Newberry and Joe Grippi went hither and yon to find many articles out of place and remove them. Charlie Brown and Duff appeared and sat down. Joe Swanson replaced the furniture.

There were perhaps others, but this writer can not take time out to strain the brain.

The ladies of the department may be asked to add that feminine touch later. We may call upon them to assist us in meeting the visitors when "open House" is declared.

A little more moisture lessens the fire danger. It is now that trash and trimmings can be disposed of if proper precautions are used. Get in touch with the fire department before burning. We will be glad to help prevent fires.

Next Friday evening is regular drill and meeting night. The men are anxious to get back to work. Too much time away from drills is not good.

The question of outside city limits help often comes up. Should we or should we not respond to an out-of-city fire? There are many matters to consider.

Does the municipality have any right to use apparatus and men outside its boundaries?

Are fire fighters protected as to compensation, injury, and pensions in case of an accident occurring outside the city and resulting in injury to fire fighters?

What is the position of the city in case of liability or property damage suits against it resulting from injury or damage while apparatus is outside the city? What is the maximum number or length of runs that can be permitted without considering outside response as materially reducing local protection in the municipality?

It is difficult for the officials of a city to refuse to render aid to a neighbor populace when called upon to respond to a fire outside the city limits. Fire Chiefs are inclined to answer all calls for humanitarian reasons and, of course, the Chiefs think of the possibilities of fire spreading to their own area.

Problems of this sort are being straightened out by the men interested in fire fighting. It will be a great day when

New Camp Fire Group Officers

During the past weeks various Camp Fire groups have elected new officers and worked on service projects. New O-Ki-Zu leaders are: Peggy Porter, president; Alex Batterson, vice-president; Beverly Johnson, secretary; Nancy Montgomery, treasurer, and Lupe Silva, telephone. This group, under the leadership of Mrs. John Rudbach, has made felt book-markers for Hastings Hospital patients, and felt coin purses for a girls' ward at Olive View Sanatorium. They also gave and dressed a baby doll for a six-year-old girl at Olive View.

The Humming Bluebirds, led by Mrs. Harold Drury, made and filled 20 Christmas stockings for children in Germany. They also made Christmas tray favors for Hastings Hospital. New officers are: Linda Susan Harris, president; Linda Wallis, vice-president, and Karen Schmidt, secretary.

Ta-Wan-Ka Camp Fire Girls have announced these 1950 officers: Blythe Gentry, president; Lynne Gildersleeve, vice-president, and Eloise Velasquez, secretary-treasurer.

Mrs. Wright Home From Trip North

Mrs. Robert E. Wright, 540 W. Alegria, this week returned from San Francisco where she enjoyed 18 days with her husband, Lt. Comdr. Wright, USN, stationed at Hunter's Point Naval Shipyard.

During her holiday visit to the Bay City, Mrs. Wright was a guest at the Marines Memorial Club, 609 Sutter, San Francisco.

Commander Wright is a Naval instructor and expert in the US Navy's gigantic "Mothball Fleet" program. Every two weeks, a new class of Naval Reserve officers goes into active duty at Hunter's Point, and Commander Wright instructs the men on the Pacific Reserve Fleet.

He explains to the officers how the ships would be readied immediately should a "Mobilization Day" be necessary in a national emergency.

The Pacific Reserve Fleet is berthed at nine points along the Coast—at Bremerton, Tacoma, Astoria, Mare Island, Stockton, Alameda, Hunter's Point, Long Beach, and San Diego.

A recent article in the San Francisco Examiner described the Navy program and Commander Wright's vital role in it.

The article was accompanied by a picture of Comdr. Wright inspecting a naval reserve ship.

BIRTHDAY PARTY

Mr. and Mrs. Kenneth Bush and family, and Mr. and Mrs. Robert Bettencourt, of this city, will drive to Claremont, Sunday, to celebrate the birthday of Mrs. E. D. Gaylord.

15th Anniversary of Settling Basins Noted

Last month an anniversary of importance was overlooked in the mad scramble preceding the holidays.

It was the 15th birthday of the completion of Sierra Madre's extensive water settling basins and spreading grounds. They were finished on Dec. 5, 1934, after three years of work and a total expense of \$71,518.

Al S. Meyers, former City Business Manager and long a student of water engineering, pointed out the anniversary of the gigantic project that required more than 123,000 man-hours to complete.

The intricate system of basins, conduits, ditches, and checkdams which constituted the combined flood control and water conservation project was largely a result of Mr. Meyers' efforts.

Sierra Madre paid a total of \$513,788.88 for the program; the Civil Works Administration expended \$50,600.40; the Flood Control District furnished \$3000; and the State Emergency Relief Administration (SERA) contributed \$4,139.50 toward the work.

The project theoretically was listed as capable of saving in excess of 1,025 acre-feet of water a year.

In the Dec. 7, 1934 edition of the Sierra Madre NEWS, the following description of the settling basins and spreading grounds was presented by John Copeland, former NEWS reporter:

"... The completed project consists primarily of the four major settling basins and one desilting basin on the spreading grounds proper. These basins are fed water by means of a series of distribution ditches and lateral conduits."

"... The water passing through outlets is allowed to flow slowly over as large an area as possible in order that it may sink into the ground soil..."

In 1937, the Christian Science Monitor termed the project "an ingenious experiment" in its ability to slow up the spate of water and hold it stationary long enough to prevent its draining away to no useful purpose.

Groups Plan World Day Of Religion

The first annual observance of World Religion Day has been scheduled for Sunday evening, Jan. 15, for Sierra Madre, Pasadena, and 10 other communities in the area. Mrs. John Butah, Secretary of the Baha'i Community of Sierra Madre, announced this week.

A program, being arranged by the participating communities, will be held in Pasadena under the sponsorship of the Pasadena Baha'i Assembly, 8 o'clock, in the Gold Room of the Pasadena Civic Auditorium. World Religion Day will be observed nationally on the third Sunday of January, beginning this year.

Principal speaker for the evening, according to Mrs. Butah, is Miss Shirley Ward, nationally prominent lecturer and world traveler who recently returned from a speaking tour of South America.

Miss Ward has selected as the subject for her speech, "One God—One Humanity — One Spiritual Goal." Her talk will emphasize the need for a reawakening of a spiritual consciousness throughout the world as voiced by leading thinkers in every area of the world.

World Religion Day, Mrs. Butah explained, has been instituted by the National Baha'i Assembly in Wilmette, Ill., for the purpose of focusing attention on the essential unity found in all religions of the world. The program is open to everyone without charge or collection.

ON TO MEXICO

Mr. and Mrs. W. F. D. Smith of Seattle, Wash., spent several days last week at the home of Mrs. Sylvia B. Colbert, 609 W. Alegria. Tuesday night they flew to Mexico City for a two-month vacation, and Mrs. Colbert possibly may join them there later.

Building Activity Reflects Big Gain During December

A large gain in Sierra Madre building activity as compared with last year and last month was reported last week by Building Inspector William Lees.

Mr. Lees disclosed that \$110,286 worth of permits were issued by his office during the month of December—a gain of \$20,450 during November of this year, permits amounting to \$44,917 were issued.

Total permits filed during 1949, however, were considerably less than in 1948. Mr. Lees said \$727,832 in permits were issued; in 1948, the figure was \$1,799,832.

According to the Building Inspector, 85 new houses were erected during the last year.

"Sierra Madre did quite well in building activity during December, considering that all towns reach low points during the holiday season," Mr. Lees said. "We hope for even a better month in January."

Permits of more than \$500 for building or alterations during December were issued to:

Helen D. Haas, to build a house at 185 S. Lima, estimated cost, \$7500; R. P. Westcott, to build a house at 400 E. Highland, estimated cost, \$4100; Louis M. Vangen, to alter a dwelling at 429 W. Grandview, cost \$4000; William Keith, to alter a house at 561 W. Grandview, \$500;

James Telford, to erect a dwelling at 305 E. Alegria, \$7500; Bob Smith, to build a garage at 188 N. Lima, \$500; C. E. Meader, to convert a garage into a cottage, \$700; Charles E. Louk, to erect a dwelling and garage at 175 S. Lima, \$3300; John R. Redlon, to build a house and garage at 174 Oak Meadow, \$16,000; Harold Spears, to construct a Post Office at 303 W. Sierra Madre boulevard, \$14,000.

Character Actor Visits Wardens

A frequent visitor during the last month at the home of Mr. and Mrs. Hugh Warden, 622 Mariposa, has been Charles Korvin, veteran stage and screen actor.

Mr. Korvin, brother-in-law of Mrs. Warden, was in Hollywood working on his latest picture, "Killer Stalks in New York." In this movie, Mr. Korvin portrays the husband of Actress Evelyn Keyes.

Most recent hits in which Mr. Korvin performed have been "Berlin Express" (he was the villain), "This Love of Ours," (played opposite Merle Oberlin), and "Temptation."

The actor plays "heavy" roles principally, and frequently is thoroughly disliked by audiences for his convincing portrayals of villains.

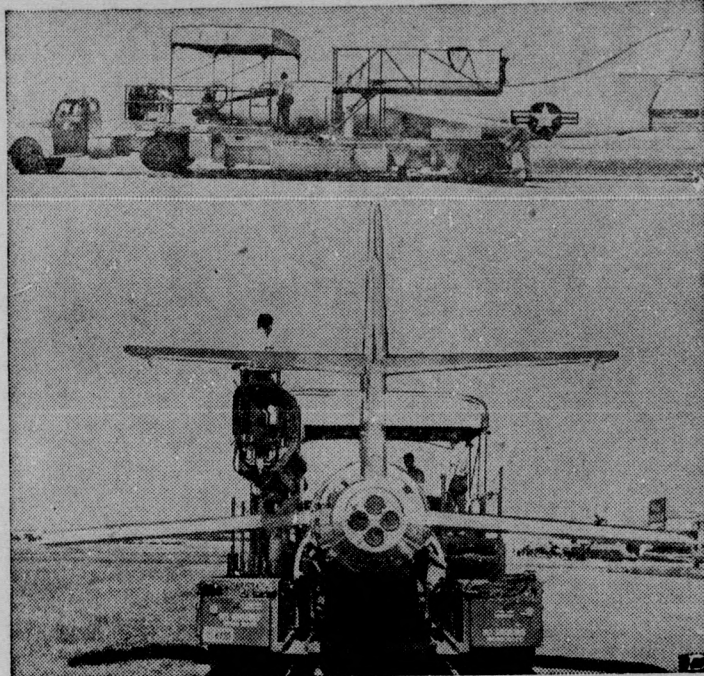

On Christmas Eve, Mr. Korvin left California for New York where he is being tried for a special part in a Broadway play.

For several months, he has been appearing on television shows in New York.

MASONIC SMOKER

A smoker commemorating the 40th anniversary of Sierra Madre Lodge No. 408, F. & A. M. was enjoyed by members of the Lodge Tuesday evening, Jan. 10. The Masonic unit has occupied its present Temple at 33 E. Sierra Madre boulevard since 1925.

Mobile Station "Mothers" Rocket Plane

U. S. NAVY'S experimental rocket plane at El Segundo, Calif., the Douglas D-558-2 skyrocket, is handled every bit as carefully as any other item of delicate precision laboratory equipment. A Fruehling designed mobile "mother" unit, 13 feet wide and 35 feet long, services its needs. The versatile rig is provided with winches and ramps which roll the skyrocket aboard in a simple movement for fueling and servicing the entire plane.

Reds, Japanese Occupations of China Compared

The years of Japanese occupation of China were a "pleasure" compared with conditions existing now under the Communists.

That is the opinion of Florence Evans, Sierra Madrean and Methodist missionary to China, as recorded in a letter received recently by her father, W. A. Evans, 397 West Montecito.

Miss Evans has been in the China mission field for many years, and was one of the few to remain behind when the Japanese hoards overran the country.

Mr. Evans reports this week that Mrs. Evans' son, George Baird, and family were visitors at their home during the holidays. The Bairds—Mr. Mrs., and three youngsters—live in Waukegan, Illinois.

LOCAL WOMAN WINS TV-RADIO

In a drawing that encompassed nearly all of Los Angeles County, a Sierra Madre woman won a Hoffman combination radio and television set, it was disclosed this week.

Miss R. Griffin, 183 E. Laurel, was the winner in a drawing conducted by the 223rd Regiment of the California National Guard. Tickets had been sold in Burbank, Alhambra, El Monte, Pasadena, and portions of Los Angeles.

The ticket was sold to Miss Griffin by Sierra Madre Heavy Mortar Guardsman Pvt. James R. Cole.

City Makes Room For Ball Diamond

City workmen this week are moving the old tin barn on the city water grounds to make room for Sierra Madre's baseball diamond.

Vernon Udell, acting street and water superintendent, said the structure will be moved approximately 100 feet to the west of its former position. Work on the project began Monday.

The barn was last used to house the city float while under construction.

DR. BURSKE BEGINS LOCAL HEALTH JOB

Dr. Chester C. Burske, newly-appointed Monrovia District Health Officer for the Los Angeles County Health Department, reported last week to take over his new duties, according to Dr. Roy O. Gilbert, County Health Officer.

Dr. Burske has been assistant health officer for San Joaquin County and prior to coming to California, was acting director of the City-County Health Department in Chippawa Falls, Wisconsin.

The new District Health Officer and his family expect to reside in the District.

Scouts, Scouters Plan Snow Camp

A two-day Snow Camp at Camp San Antonio for Sierra Madre District Scouts and Scouters is being planned for Saturday and Sunday, Jan. 14 and 15.

According to R. G. Barrett, District Commissioner, there are facilities at the camp for 80 persons, and the first 80 to apply will be permitted to attend the weekend camp.

The local Scouts and Scouters will leave Sierra Madre Saturday at 8:30 a. m. and return Sunday at 4 p. m.

Camp San Antonio is across from Snow Crest and approximately five miles north of Camp Baldy.

Guard Halts Recruit Work

Recruiting for the National Guard in Sierra Madre—and throughout the entire nation—has been halted, Captain Sanford Ullman, commanding officer of the local Heavy Mortar Company, announced this week.

An official end of "recruiting efforts was ordered in a federal dispatch issued on Dec. 20, Captain Ullman stated. He said the measure was taken because Guard units in the nation have reached their quotas allowed by the present Congressional appropriation.

As was the case two months ago when Guard ranks were ordered closed, Captain Ullman said the Sierra Madre Company would maintain a waiting list for local men wishing to join the Guard.

"Although we can't sign up any prospective members right now, they are cordially invited to place their names on our waiting list and attend drill sessions until such a time as a vacancy in the Company occurs," he said.

Openings are available whenever a Guardsman transfers from the local unit or is discharged, Capt. Ullman said.

CABINET INDUCTED IN CLIPPER CLUB

Members of the Clipper Club of the Trinity Presbyterian Church met Monday for their monthly pot-luck dinner at the Clarence Noshor Playroom, 265 N. Mountain Trail.

Hosts in charge of the enchilada dinner were Mr. and Mrs. Dan Gibson, and Mr. and Mrs. Kenneth Lefler. New officers for the coming year were installed by the Rev. Clarence Shackelford. The officers are held jointly by couples and include:

Mr. and Mrs. Kenneth Lefler, skippers; Mr. and Mrs. R. N. Leonard, first mates; Mr. and Mrs. Willard Young, log keepers; and Mr. and Mrs. George Parr, pursers.

City Firemen Tidy Up Club

City Volunteer Firemen worked several hours Friday night in getting their City Hall Clubrooms a step nearer "the new look." They are tidying up the place in preparation for their "furniture warming" on Friday, Jan. 20.

According to Fire Chief James C. Heasley, the Open House is being planned by the Firemen to show off their new furniture, recently purchased from funds donated by Sierra Madreans.

Mr. Heasley reports the Clubroom floors are being sanded and waxed, and the new furnishings are being installed. To further beautify the quarters, Artist and Float Designer Alfred James Dewey has donated a painting to hang on the wall.

Francis Eakman, who engineered the furniture fund, recently purchased two lamps to complete the scene.

Local Poultry Man Takes Advantage Of National Clubs

Norman B. Jensen of the Jensen Poultry and Egg Co. on West Sierra Madre boulevard, will attend the Annual election of officers of the Cornish Breeders Club of California this evening. It will take place at the Clifton Cafe in Los Angeles the regular monthly meeting place of the club.

The Cornish Breeders, a component of the American Poultry Association, presented a valuable and educational exhibit at the mid-winter Poultry Exposition Jan. 5-8 at Pomona.

Maltby Named Head Of MIT Committee

C. Lauren Maltby, 120 Lowell avenue, last week was named captain of Southern California's Massachusetts Institute of Technology committee to work with local alumni who are taking part in the Institute's new development and expansion program.

The program will be launched today with an alumni banquet at the Biltmore. Mr. Maltby, a graduate of MIT, class of 1922, is a patent attorney.

TB SEAL FUNDS SHORT OF GOAL

Although Christmas Seal receipts have been swelled heavily within the past few days the Combined Christmas Seal Fund reported this week that tabulated funds were still far short of the \$500,000 goal set for the campaign.

"We now have received \$302,661," Kenneth A. Hartzell, president of the Fund declared. "We know there are still many regular purchasers of Christmas Seals who have not yet sent us their checks for the 1949 Seals. It is hoped they will do so soon so we can plan our program for the year with knowledge that we will have ample funds with which to work."

Pupils View City Float

Besides the many individuals and family groups that "oohed" and "aahed" over Sierra Madre's prize-winning float, eight classes from the City School made excursions to the PE Depot last week.

Viewing the local float on display following its triumphant return from Pasadena were pupils from these classes at the Sierra Madre School:

Morning and afternoon kindergarten classes of Mrs. Culbertson; Morning and afternoon kindergarten classes of Mrs. Kressen; Mrs. Belter's first-grade class; Mrs. Coupe's first grade; Mrs. McElfresh's second graders; and Miss Newton's second grade pupils.

Firemen Aid Injured Man

An informal party was interrupted recently for several City Volunteer Firemen when they answered a call to help remove a man injured in the Big Santa Anita Canyon, below Chantry Flats.

The man, identified only as "Mr. Conway," a cabin-owner in the Canyon, suffered a fractured shoulder when he fell from a horse. He was hauled out of the Canyon by Firemen and Police Officers with the use of a wire basket stretcher.

City Youths Play In All-City Band

Malcom Pennock played trombone, and his brother, Deane, played trumpet in the All-City Band in the Rose Parade on Jan. 2.

Both boys are students at John Marshall Junior High School and are the sons of Mr. and Mrs. C. E. Pennock, 120 S. Baldwin avenue. The bandmen are also active in several other musical organizations.

Alpha Chi Omega Alumnae Meets

Alpha Chi Omega Senior Alumnae of the San Gabriel Valley area met for lunch Saturday, Jan. 7, at Pierre's Restaurant in San Marino. Hostesses were Mrs. Jerome Forbes of San Gabriel and Mrs. Marshall Kester of Alhambra.

Mrs. Elsie O. Strathearn, recently returned from a South American cruise, addressed the group.

CONKLING SAYS

From page one
amount available would be 3151 acre-feet, according to the report. Under still another condition the supply available annually would be 3208 acre-feet and under a third set of conditions it would be 3979 acre-feet, the water engineer reported.

It was pointed out that the city water diversion project from the Big Santa Anita to the Sierra Madre spreading grounds and a companion project to be carried out by the County Flood Control District would increase the "safe yield" of the East Raymond Basin so that this water could be pumped. Sierra Madre's right to pump would be determined by the Superior Court.

Conkling based his report on records of the Flood Control District, the U.S. Geodetic Survey and the Watermaster of the State Division of Water Resources as well as municipal records.

It was a complete substantiation of a water report and survey made by Councilman Herman Barter.

Conkling said the report gives the city:

"1. A sound basis for negotiations with Arcadia.

"2. Results based on assumptions and methods which have been discussed with engineers of the Division of Water Resources and approved by them prior to being used.

"3. A complete basis for entering court to secure revision of the decrees. Nothing more should be necessary if the results are approved by the Division (State Division of Water Resources).

"4. As accurate an evaluation as can be made of the total gain to the eastern unit which would be achieved by spreading operations and the change which will be caused by lining Santa Anita Creek channel.

"Unfortunately we cannot

Sierra Madre Lodge
No. 408, F.&A.M.

At The Temple
33 E. Sierra Madre Boulevard
Harold F. Roberts, Master

Dr. Morrison, Railway Medical Director, Dies

Dr. Wayland A. Morrison, chief medical director of Santa Fe Railway, and a resident of Monrovia, died last Thursday, Jan. 5 in St. Vincent's Hospital of Los Angeles. He is survived by his wife Mrs. Lucille P. Morrison, four sons, and a daughter.

A director of Consolidated Steel Corporation and a trustee of the University of Southern California, Dr. Morrison was affiliated with Delta Tau Delta national fraternity. He joined Santa Fe in 1921.

predict the allocation of water which will be made by the court.

"The minimum probability would seem that considerably more water would be allocated to the City of Sierra Madre than present needs within present city limits, plus total ultimate water required by the area which has been proposed for annexation," Conkling said.

Conkling pointed out that the values used were based on the assumption that the city would build a pipeline with a capacity flow of 25 cubic feet per second to the spreading grounds and receive a preference right in some or all of the water so spread and that the county would build additional spreading grounds of 15 cubic feet per second capacity.

"This building project already is assured. The city, as its share of the total cost already allocated from water revenues, and the county and state have allocated approximately \$93,000 for it. The Flood Control District has plans for its separate project.

In summary, Conkling reported:

"Present demand by Sierra Madre, with longtime average wet and dry weather conditions, is estimated to be 1680 acre-feet per year. With present percolation from Santa Anita Creek and present terms of the Pasadena vs. Alhambra decree, the city's average annual supply, including tunnel discharge, is about 1550 acre-feet. However, if the terms of the decree as to utilization of tunnel water were changed so that Sierra Madre could secure all the tunnel water and all the underground water decreed to it, average annual supply of the city with present percolation from Santa Anita Creek is estimated at 1724 acre-feet.

"That amount has been used in the report, as it is assumed that revision of the terms of the decree can be secured.

"Five different assumptions as to the basis of ultimate allocations of water from Santa Anita Creek have been made for the report.

"Based on these assumptions, estimates of total amount available to the city, including tunnel flow . . . range from an annual average of 2648 to 3979 acre-feet," the report said.

The report, the bulk of which was made up of tables from federal, state and county agencies, will cost the city a total of \$4455. Conkling said he was so far off on his original estimate of cost, about \$500, that his office was absorbing an additional \$1200 costs.

The Council authorized the report of the water engineer at the insistence of the Chamber of Commerce and others who wanted assurance that water was available to the city for present and future needs.

NEW BEKINS Van and Storage office and storage depository to open Saturday, Jan. 14, at 35 W. Huntington Dr., Arcadia. A total of 435,000 cubic feet of storage, office, and store space is contained in the modernistically-designed building which will serve the entire San Gabriel Valley area. This is the 50th Bekins office to be established in western states since the Company began operation in 1895.

the Arroyo Seco. And it still does—adding its bit to smog and smoke and sulphur dioxide in the air.

It looks as though the Pasadena directors are adding a little politics to smog instead of removing it.

BASIC SCOUTERS

From page one

mittee publicity chairman.

"We have adequate room to conduct the course," Mr. Lees said. "And it would be desirable if it were attended by 10 or 15 more persons who are interested in Scouting."

He emphasized the point that the course is not intended only for Scout leaders or Scouters. It is open to any adult man interested in the program.

Fathers who want to learn more about its functions and aims, or who wish to find out how best to present the Scouting concept to their sons are particularly invited, Mr. Lees said.

Persons attending Monday's first session of the course were Bob Farrar, John C. Rendant, R. R. Patterson, Lewis C. McClelland, Ralph Hurwit, Ralph Burns, Frank Wright, Eugene F. Colbert, B. P. Sewall, L. C. Shepherd, Gordon G. McMillan, and R. C. Watson.

COUNCILMEN VETO

From Page One

reach the necessary 60 per cent. One resident of the area was assured that a hearing on costs would be held at which time objections could be made to estimates of the city engineer.

The Civic Club, which sought the installation of a telephone at the Park House, was told that the city would have one put in if the club would underwrite the 15-cent a day guarantee demanded by the telephone company.

The Council referred to the Chamber of Commerce, for study, on recommendation of Chief of Police Gordon McMillan, a petition asking that the 2-hour parking limit on Montecito avenue be lifted. He said that there was space for 84 cars but that a survey showed that as many as 167 downtown employees and business people would use the street for all-day parking if the ban were lifted. "It prevents a monopoly," he said.

A group of Arcadia residents asked the Council for help in preventing flood damage to their properties.

All live on the south side of Orange Grove avenue between Sunnyside and Park avenues, and they complained that storm water runoff from Park flows across their lots and is not carried off to the Sunnyside wash. They suggested that they pay for materials and engineering costs for a storm drain and that the city foot the labor bill. Cost to them would be about \$300 and to the city \$200.

The matter was referred to the city engineer for checking with the County Flood Control, but one of the Arcadians, E. J. Ross, declared that: "My lot is washing away." Another said that if dams were built along the street a lake would be formed and the city would have a "real problem."

BEKINS VAN AND STORAGE OPENS 50th BUILDING THIS SATURDAY IN ARCADIA

Bekins Van and Storage Company on Saturday will reach an objective started a decade ago—fifty offices and storage depositories by 1950. On that day, Jan. 14, Bekins management will officially open their 50th furniture depository in the west, located at 35 W. Huntington Drive, Arcadia.

The newest Bekins Van and Storage Company office will serve residents and business firms in Sierra Madre, Arcadia, San Marino, Temple City, Monrovia and all of San Gabriel Valley.

Modernistic in design the attractive structure looks much like a bank or office building and fits in architecturally with other building in the area. A total of 435,000 cubic feet of storage, office, and store space is contained in the structure.

To provide maximum safety for furniture in Bekins' custody, the building features an automatic sprinkler system and built-in valuet for silverware, paintings, and wedding gifts. An innovation in storage rooms

is found in Bekins' new method of packaging upholstered furniture in individual, tape-sealed cartons.

Manager of the Arcadia office is Richard B. English, who will be assisted by an experienced staff of office and warehouse personnel and drivers. The Arcadia plant is equipped to handle long-distance and local moving, storing, packing, shipping, and export boxing for home-owners and business firms.

Bekins first California office was opened in 1895. The company maintains offices in 10 western states.

On Monday Jan. 16, an Open House will be held at the new Arcadia office. Sierra Madre's Mayor, J. Milton Steinberger, has indicated he will attend.

GEORGIA GUESTS

Holiday guests at the home of Mr. and Mrs. G. G. Bauman, 500 W. Sierra Madre boulevard, were Mr. and Mrs. L. P. Estes of Rutledge, Georgia. The Estes' are the parents of Mrs. Bauman.

Flier Tells of Engagement
To San Gabriel Girl

The engagement of Lieut. James Hambrick, formerly of this city, to Betty Pearlay, daughter of Mr. and Mrs. Orville Pearlay of San Gabriel, was announced during the holidays, when Lieut. Hambrick was visiting his grandmother, Mrs. James Holmesley of 206 S. Sunnyside. Lieut. Hambrick returned last week to Lackland Air Base, San Antonio, Texas.

Mrs. Evelyn Fisher, mother of Lieut. Hambrick, is now staying with her mother, Mrs. Holmesley.

Lieut. Hambrick and Miss Pearlay expect to marry in June.

SISTERS, APART 11
YRS. STAGE REUNION

Getting together for the first time in 11 years, four sisters staged a reunion recently at the home of Mrs. W. F. MacNeill, 336 Sycamore Place.

Mrs. MacNeill entertained her three sisters at a luncheon Saturday, Dec. 31. The family gathering included Mrs. Ethel Curtis of Anselmo, Nebraska; Mrs. Bertha Hinote, Kearney, Neb.; and Mrs. Marguerite Cook of Lancaster, Calif.

Also present were Mr. Curtis and Mrs. Cook's daughter, Louise, who is a student at the University of Nebraska.

Parents Tell of
Daughter's Troth to
New Yorker

The engagement of Joan Phyllis Galkin to Maurice Astor of New York City, was announced New Year's Day by Miss Galkin's parents, Mr. and Mrs. Rudolph Galkin of 110 E. Mira Monte.

The marriage will probably take place in June, after which the couple hope to live in Southern California.

The groom is the son of Mr. and Mrs. Jacob D. Astor of New York.

Miss Galkin is a Pasadena City College graduate.

Mrs. Francis Eakman, 194 Mariposa, received notification last week that a short story written by her will be published in a national magazine, "Progress."

The story, Mrs. Eakman's first published work, is expected to appear in the February issue of the magazine, a teenage publication put out by Unity Publishing Company.

For many years Mrs. Eakman has contributed poems for children to youth magazines. This month her poetry is being published in "Highlights" and also in "Children's Friend."

Mr. and Mrs. Eakman currently are collaborating on a travel story concerning their early years in Wyoming.

Robert Merriman and
Bride Honeymoon

In an informal afternoon wedding Saturday at the Pasadena Chapel of Roses, Robert Arthur Merriman, son of Mrs. Richard Mansfield Merriman and the late Mr. Merriman, 234 Santa Anita Court, claimed as his bride Louann DuBall, daughter of Mrs. Louise Hotchkiss DuBall of Monrovia and Dudley J. DuBall of San Fernando.

After a San Francisco and Yosemite honeymoon, the couple will make their home at 534 W. Lime in Monrovia.

Attendants at the ceremony were Betty Angemeier of Monrovia, and Richard M. Merriman, brother of the groom. Ushers were Paul Worthington and Bud Mullett of Pasadena.

A pearl gray suit was worn by the bride with an off-the-face sapphire blue hat. Her small bouquet was of white carnations. Her maid-of-honor wore a Navy blue suit with a pink camellia corsage.

Both the bride and groom are graduates from Monrovia High School and attended Pasadena City College. At P.C.C. the bride was a member of Sorelle Restrictive Club, and the groom belonged to Amphion Restrictive Club. The groom will continue his schooling and major in agriculture.

Storkland

Mr. and Mrs. William F. Schmidt of 178 E. Montecito, became parents of a daughter, January 6, at St. Luke's Hospital.

Mr. and Mrs. Lyle Seaman of Duarte, became parents of a daughter, Noelle Marie, Christmas Day. Mrs. Seaman is the former Elizabeth Jackson, daughter of Mrs. Gladys Jackson of North Auburn.

A son was born to Mr. and Mrs. Wm. Dickson Vensel at St. Luke Hospital Dec. 31. The Vensels live at 187 W. Montecito.

A daughter was born at St. Luke Hospital, December 22, to Mr. and Mrs. Eugene Hall of 325 Camillo Road.

A son, William Dixon Vensel, was born December 30, to Mr. and Mrs. William Vensel of West Montecito. He arrived at St. Luke's Hospital.

Parents Announce
Daughter's Troth
To Arcadian

Mr. and Mrs. Dale Harter of West Carter avenue, announce the engagement of their daughter, Joanne to Harold Arthur Raudenbush of Arcadia. The young people met while attending Monrovia high school. Miss Joanne is attending Pasadena City College as did also Mr. Raudenbush who is the son of Mr. and Mrs. Harold A. Raudenbush.

The wedding will take place in early April.

LA FAYETTE GUESTS

Dr. and Mrs. Henry Jeanmand of LaFayette, La., spent five days here recently at the home of Mr. and Mrs. Bernard Wynne of 188 Santa Anita Court. The Jeanmands are now in San Jose, Calif., but will stop here again Saturday before they return home.

Son and Family Visit

Mr. and Mrs. Louis Van Iersel and daughter, spent the holiday weekend with Mr. Van Iersel's parents, Mr. and Mrs. Louis Van Iersel Sr., of East Montecito. Since September, the Van Iersels have been living at Davis, Calif., where Mr. Van Iersel attends Davis College.

Sgt. Lovejoy Home

Sgt. Russell Lovejoy is reported to be visiting his parents, Mr. and Mrs. George R. Lovejoy of 74 W. Grandview. Sgt. Lovejoy is stationed with the Army Air Force in Texas.

Garden Club Meets

The Sierra Madre Garden Club met Monday evening, Jan. 9, at the Sierra Madre Woman's Club.

C. Jacques Hahn presented an illustrated talk on growing a potted garden. "Your Garden for January" was discussed by F. D. R. Moote.

TRINITY MEETING

Wilson's book, "Prince of Egypt," was reviewed by Margaret Mendenhall Tuesday evening at a meeting of the Women's Trinity Guild of the Presbyterian Church. They convened at the home of Mrs. Walter Broth of 441 Mariposa.

COUNCIL VOTES RAISE
FOR POLICE OFFICER

Having satisfactorily completed one year of service with the Sierra Madre Police Department, Officer Daniel J. Rauscher was voted a \$5 a week raise in salary by the City Council Tuesday night, effective Jan. 1, 1950.

Advertisement

MENTAL STIMULUS

Speaking before the WCTU National Convention Congressman Bryson of South Carolina told of some recent improvements in the City Hall at Washington, D. C. TEN rooms had been refurnished and furnished with couches and comfortable chairs. When he became curious he was told that they were for the "inebriated wives of the notable citizens of our National Capitol." He said that instead of being taken to jail these women were put to bed in the City Hall and kept there until some of the family can come for them in the morning.

How much longer will we allow the unbridled liquor traffic to debauch our citizenry? How much longer will a narcotic drug be allowed unlimited freedom?

—HARTER W.C.T.U.

Mrs. Sheriff, widow of the late Rev. Stewart Sheriff former pastor of Bethany Church left recently for Albuquerque, New Mexico, where she will enter the Southwestern Presbyterian Sanatorium for six months. Mrs. Sheriff was a patient there ten years ago. Her son, Eugene and daughter, Mary, will reside at the Pasadena home, 1522 E. Orange Grove.

CARD OF THANKS

In thanks to God for staying fire and wind during our recent fire. We desire also to express our gratitude to firemen, neighbors and friends who lent many a kindly hand in our time of loss.

—Dr. Mary and Family

LUNCHEON AT JEWISH CENTER

The next luncheon of the Woman's Division of the Foothill Jewish Community Center of North Lima will be held next Tuesday, January 17th at 12:30. Hair styling will be demonstrated to the ladies following the luncheon.

LEGAL NOTICE

31833
RESOLUTION OF INTENTION FOR THE ANNEXATION OF CERTAIN CONTIGUOUS TERRITORY TO COUNTY SANITATION DISTRICT NO. 16 OF LOS ANGELES COUNTY.

RESOLVED by the Board of Supervisors of the County of Los Angeles, State of California: 1. That the public interest, convenience and health require, and that it is the intention of the Board of Supervisors of the County of Los Angeles, State of California, proceeding under the County Sanitation District Act, as amended, to annex to County Sanitation District No. 16 of Los Angeles County, certain territory contiguous to said District.

2. The territory contiguous to said District and proposed to be annexed thereto shall include all that portion of the County of Los Angeles within exterior boundaries described as follows: **NEW YORK AVENUE ANNEX.** Beginning at the intersection of the easterly line of Sierra Madre Villa Avenue, as said easterly line is so indicated on the Map of New York Avenue, County Surveyor's Map No. B-846, Sheet 1, on file in the office of the County Surveyor, said line also being indicated on said map as the center line of proposed right of way 60 feet in width, with the northerly line of County Sanitation District No. 16 of the County of Los Angeles as same existed on December 16, 1949; thence westerly along the northerly boundary of said District to its first intersection with the boundary of the City of Pasadena as same existed on said date; thence northerly along the said City boundary, following the same in all its various courses and curves to the point of beginning.

SWITZER ANNEX. Beginning at the intersection of a line parallel with and 150 feet northerly, measured at right angles from the southerly line of North Avenue as said Avenue is shown on map of Tract No. 7446, recorded in Book 79, pages 20 and 21 of Maps in the office of the Recorder of the County of Los Angeles, with a line that is parallel with and 50 feet easterly, measured at right angles from

L. A. ART CENTER DISPLAYS PHOTOS

Photographs from 30 foreign countries and the United States will be on view to the public when the Los Angeles International Salon of Photography stages its 31st exhibit during the month of January.

Scheduled for the Art Center School Galleries, 5353 W. Third street, Los Angeles, the exhibit consists of 250 black and white photographs, one color photograph, and 150 color slides. These were chosen by jury from 2000 entries.

Gallery hours for the month are 9 a. m. to 9 p. m., Mondays through Thursdays; 9 a. m. to 5 p. m., Fridays and Saturdays; and 1 to 5 p. m., Sundays.

Concerts To Aid Navajo Children

As a benefit for Navajo Indian children, a series of three concerts presenting California Artists will be conducted at the Huntington Hotel, Pasadena, on Jan. 15, 29, and Feb. 5. Scheduled as the 13th annual season the California Artists concerts will begin at 3:30 p. m. on each of the three Sundays.

Mrs. Robert Pratt Jennings is the Sierra Madre patroness of California Artists.

Students See Safety Films

As part of a Safety Drive being sponsored by the Monrovia Emblem Club, two safety films were shown Sierra Madre school children on Friday, Jan. 6.

Dan Rauscher, Sierra Madre Police Officer, presented the two motion pictures, "You and Your Bicycle" and "Safety To and From School," which were loaned through the courtesy of the Los Angeles Police Department.

The program was presented at the Sierra Madre City School, St. Rita's Parochial School, and Church of the Ascension Parish Day School.

Also in conjunction with the Monrovia Emblem Club Safety campaign, local pupils will take part in an essay contest, entitled, "How and Why I Observe Safety." The contest deadline is Wednesday, Feb. 1.

STRING QUARTET TO PLAY SUNDAY

The Hollywood String Quartet will present Sunday afternoon's (Jan. 15) second concert of the current Winter Chamber Music Series of the Los Angeles County Museum at Exposition Park.

The Quartet—consisting of Felix Slatkin and Paul Shure, violinists; Eleanor Aller, cellist; and Paul Robyn, violinist—will play Quartet Opus 20 No. 2, S. N. Hummel; The Quartet, by Jacques Ibert; and Schubert's Quintet.

Guest artist will be cellist Kurt Rehr. The free concert begins at 3 p. m. in the second floor Lecture Hall.

CORE PRESENTS SHOW SATURDAY

Pasadena City College and John Muir College members of CORE—Congress on Racial Equality—will present "A Holiday in Hawaii" Saturday evening, Jan. 14, at the Muir Auditorium.

The organization, which is founded nationally and locally on the principle that all men are entitled to equal rights, will offer entertainment by the Hawaiian Kamaainas and a dance following the show in the Muir gymnasium.

Fashion Future Owners Return From Trip East

Flying in Wednesday and Friday mornings, respectively, Mrs. Oleta de Campo and Mrs. Warren Johnson returned to Sierra Madre following a holiday trip to Kansas City.

The two co-owners of Fashion Future Shop report that their combined business and pleasure visit was both "successful and highly enjoyable." Mrs. de Campo renewing acquaintances with friends in Kansas City, and Mrs. Johnson spending the weekend with her husband, who is there on business.

Scouts Sell Pinon Nuts

In an attempt to aid the Navajo Indians of Arizona, Boy Scouts of Southern California will soon be selling pinon nuts to residents. The tiny nuts are one of the few salable resources still retained by the Indians.

Scouts from San Diego and as far north as Bakersfield are peddling the pinons, and proceeds from the sales will go into the Scouts' Navajo Indians fund.

In Sierra Madre, local Scout Troop 3, under the leadership of George Black, Scoutmaster, has already begun selling the nuts.

Stephen Rudzik, Scoutmaster of an Eagle Rock troop, said this year was a bumper crop season for the pinon nuts, and the Indians and Scouting officials hit upon this idea as a method of obtaining more financial aid to the Navajos.

Wolverines Plan All-Day Reunion

Archie Garton, president of the Michigan State Society, announces that the "Wolverines" will start the 1950 ball rolling with the first all-day state reunion, Saturday, Jan. 14, at Sycamore Grove Park, Los Angeles.

Mr. Garton says that besides the "Happy New Year" greetings, a fine program of music and entertainment features is planned.

MAD School Offers Parent Conference

Parents of incoming freshmen students at Monrovia-Arcadia-Duarte High School will meet this evening, 7:30, in the Social Science Building Auditorium, to discuss with teachers possible courses of study and the school's counseling program.

Sponsored by the Parent-Teacher Association in co-operation with the school administration, the meeting will also feature special music and a skit presented by the drama department.

Cub Pack Officials Plan Next Meeting

Committee men and Denmothers of Sierra Madre Cub Scout Pack No. 1 met at the home of Mrs. Althea Butler Wednesday evening, Jan. 4, to conduct regular business and complete plans for the January Pack Meeting.

Held for this meeting, to be held Friday evening, Jan. 20, at the City School Auditorium, is "Boy Scout Crusade to Strengthen the Arm of Liberty."

In attendance at the meeting were George McBurney, Committee Chairman; Marcus Woodward, Cubmaster; Leon Jenkins, secretary; Kenneth Bush, treasurer; Ralph Hurwit, assistant Cubmaster; and Reg Barrett, Boy Scout Commissioner.

Denmothers at the meeting included Madames Tyler, Burr, Jackson, Macanis, Moffit, Willis, and Butler.

EXPLORERS SINK SEA SCOUTS, 60-8

Gridsters of Sierra Madre Explorer Post 108 humbled a team from local Sea Scout Ship 1 recently in a football contest waged at the City School.

The two 6-men teams battled most of the afternoon the Explorers winning by a top-heavy score of 60 to 8. Team captain for the winning squad was Loren "Hap" Heasley; Leonard Barrett captained the losing Sea Scout team.

FRESHMEN DANCE TOMORROW NIGHT

"Jinx Jump", a cooperatively sponsored dance of Pasadena City College and John Muir College freshmen, will be staged on the "jinx" date of Friday, Jan. 13, from 9 to 12 p. m., in the new PCC Library Hall.

Music will be provided by George Morton and his orchestra.

Decorations will be in keeping with the "jinx" theme, and plans are made for refreshments, according to Bill Grier, Muir College freshman president.

Australian Films Will Be Offered

Five films portraying "Australia: The Island Continent" will be presented at the Los Angeles County Museum at Exposition Park Friday, Jan. 13, at 8 p. m.

As part of the Winter Documentary Film Series at the museum, all five of the evening's films will follow the Australian theme. Names of the motion pictures are "Australia Today," "Bushland Color Studies," "National Capitol," "Australian Diary No. 15," and "Teddy Bears at Play."

The programs are presented by the Museum Division of Education each Friday evening on the second floor lecture hall. The winter series will end March 17.

Donald Killed
By Dog Pack

"Donald" is dead today, the victim of a pack of eight or ten Sierra Madre dogs.

"Donald" was a pet duck, trained to do simple tricks, owned by Victor Brossoit, 57 E. Sierra Madre boulevard. The fowl reportedly was chewed and mauled to death by the dogs—running loose—when they invaded his property Friday afternoon.

Mr. Brossoit had cared for the duck for two years, ever since he won it at the Pomona Fair. "It never hurt anyone or did any property damage," he said, "but always remained in my back yard."

He stated that he heard barking and ran into the yard in time to see the eight or ten dogs departing rapidly and the mangled duck writhing in agony.

Mr. Brossoit estimated that at least five of the dogs had neither dog tags nor collars.

He took Donald to the Sierra Madre Police Department, where the duck died while Mr. Brossoit was making his report. He said his duck had been attacked several other times by the pack of dogs, but that usually Donald managed to escape by flying.

In December of 1948, during one of the raids, Mr. Brossoit said he fired into the pack with a pellet gun to frighten the dogs and accidentally killed one belonging to Norman Dumas, 12 N. Baldwin avenue. He paid the estimated price of the dog.

Mr. Brossoit indicated that he would petition the City Council to do something about curtailing the activities of unleashed and unlicensed dogs.

ANNUAL RED

From Page One

ment for the blood service program; and James R. Dancy, director of Disaster Preparedness and relief for the Red Cross in Los Angeles.

In addition to his duties with the Los Angeles Chapter, Mr. Dancy on two occasions has been assigned to major disasters for the national organization—at Texas City following the tragic explosion of 1947, and at Vanport, Oregon, during the northwest floods of 1948.

Mr. Lewis invites all friends and members of the Red Cross in Sierra Madre to attend the Annual Meeting.

Last Rites Today
For E. J. McDonald

Funeral services for E. J. McDonald, 201 E. Grandview, will be held this morning, 9:15, at the Godeau and Martinona Crystal Chapel in Los Angeles.

Mr. McDonald passed away Tuesday morning, Jan. 10, at his residence. He had been ill during the last year.

Requiem High Mass will be solemnized for Mr. McDonald this morning at 10 o'clock at St. Mary's Church in Los Angeles. Rosary services were read last night.

Mr. McDonald, a resident of Sierra Madre for more than 10 years, was a retired purchasing agent, having served for many years with the Los Angeles County Mechanical Division.

He is survived by his wife, Evelyn, two daughters and three sons, all of Sierra Madre. They are Betty Skelton, Darlene, Edward Jr., John Victor, and Francis.

Interment will be at the Calvary Cemetery in Los Angeles.

Miss Long
Presents 1st
City Concert

Miss Carolyn Long, lyric soprano, presented the first Community Concert of the season in Sierra Madre last night before an audience that comfortably filled the City School auditorium.

Accompanied by Kenneth Zimmerli at the piano, Miss Long offered a program of mixed religious and secular numbers.

Concert-goers heard Miss Long present the following numbers:

"I Know Where I'm Goin'," arranged by Herbert Hughes; "Red Rosey Bush," by Victor Young; two Negro spirituals, "I Want Jesus to Walk With Me," by Clarence White, and "My Good Lord Done Been Here," arranged by Hall Johnson; "Absence," from "Les Nuits D'Ete," Berlioz; "Nell," by Faure; "L'Heure Exquise," Poldowski; "Les Chemins de L'Amour," by Poulenc; "Toulet Gal," Rabel; the Aria: Ritorna Vincitor from Aida, by Verdi; "Rigaudoon," Ravel; "To My Mother," MacGimsey; "If I Could Have My Wish," Carreau; The Statue at Czar-sko-Selo by Cui; "Rapunzel," by Sacco.

Miss Long also sang "The Sleigh," by Richard Kountz; "Love Went A-Riding," by Frank Bridge; and two selections by Lawrence Stevens, "Barter" and "Autumn."

Mr. Zimmerli, besides accompanying Miss Long in most of her numbers, played a piano solo, Khachaturian's Toccata.

Next Community Concert in Sierra Madre will be on Feb. 2, when local association members and members from neighboring towns hear Yara Bernette, pianist.

Kiwanis Boards

Plan Activities

Both the 1949 and 1950 Kiwanis Board members met last Thursday evening at the home of Frank Spencer, 139 W. Orange Grove, to iron out plans for the Club's activities during the coming year.

1949 President Dr. Earl Gosard presided over the meeting until all old business had been taken care of; then the gavel was turned over to 1950 President Jim Spencer.

Kiwanian John Conzelman was appointed chairman of a committee to study the "Youth Fund vs. Community Chest" problem. Dr. M. H. A. Peterson, Dr. Milton Valois, Frank Spencer, and David Allen were also named to this committee.

The 1950 Board elected Art Morse treasurer for the year, and James C. Heasley was re-elected secretary. The registration from the Club of E. Norton Gilmore was read and accepted.

Conscience
Pays Off in
City Court

Having a conscience paid off Saturday for Henry A. Compton, 660 Holly Trail Path.

After telling City Judge John C. Mead in traffic court that his conscience compelled him to go back and pick up some rubbish he dumped on private property, half of his \$5 was suspended.

He had been cited for "willfully and unlawfully dumping garbage, waste, and refuse on the property of another" (at the far end of Sturtevant Dr.)

Charged with racing on S. Baldwin avenue between Foot-hill and Orange Grove, Neil David Fergus, 154 W. Sierra Madre boulevard, and Michael G. Castaneda, 42 N. Auburn avenue, pled not guilty, and trial was set for this Saturday, Jan. 14, at 10:30 a. m.

The two youths stated that since they were out of the city limits, and because no other speed limit was indicated, they had assumed that 55 miles per hour was the correct speed.

For driving after his operator's license had expired, Wally B. Hedrick, 1395 Sinaloa, Pasadena, was fined \$20 or five days in the County jail. Sentence was stayed until Saturday, Jan. 14.

Nineteen motorists forfeited bail by non-appearance.

Musical Meeting

An afternoon of music is planned by the Woman's Club for their reciprocity meeting at 11 a. m. January 25, in the Clubhouse.

Helen Thorne soprano, will be accompanied by her pianist husband, Frank Thorne.

MOVE NECESSARY

Mr. and Mrs. Harry M. Eder and children, Kip and Elizabeth, formerly of 635 E. Grandview, moved recently to Altadena. Mrs. Eder reports they will still be "Sierra Madreans" however. Mr. Eder is with the Sierra Engineering Company here.

'BUCKEYES' PLAN

REUNION, JAN. 22

California "Buckeyes," still congratulating each other after the recent Rose Bowl triumph, will attend an all-day picnic at Sycamore Grove Park, Los Angeles, on Sunday, Jan. 22.

Harvey W. Mongold, president of the Ohio State Society, promises a varied program of music and addresses, with the usual badges and registers available.

Marines Double Goal

In Distributing Toys

Although the 11th Marine Corps Reserve set out to collect 5000 toys in their Toys for Tots appeal to make every needy child have at least one happy day in the year—Christmas—more than 10,000 gifts were received and distributed.

J. O. Brauer, Colonel in command of the Los Angeles Marine Reserve District, said gifts were distributed in answer to every request of underprivileged children. By working through the Community Chest's Christmas Information bureau, the Marines avoided duplicating efforts of other charitable groups.

COUNCIL GETS

From Page One

erra Madre join with other cities in attempting to unify traffic laws in the County.

E. S. Dixon, division president, described the "chaotic conditions" that make it necessary for a motorist to memorize a "staggering number" of regulations for each city in order to avoid violations.

The matter was referred to Chief of Police Gordon G. McMillan and City Attorney T. Guy Cornyn.
